WHAT IS THIS ALL ABOUT

CIS IS THE BEST THING WHICH CAN EVER HAPPEN TO YOU

We are young and it's our huge advantage. Our innovative approach is far from being standard as we are moving together with today's youth needs, which are changing very fast. By managing the only international summer camp in the whole Czech Republic we are proving the fact that ambitions and abilities to adapt to the fast-growing markets are more important than prevailing stereotypes. Yet we've been very professional with years of experience behind us. We have introduced to the educational field almost 8 years ago and since then were gathering the ideas to create an environment, where different nationalities and mentalities, as well as family values, are respected.

PRAGUE

THE CITY OF RED ROOFS

This magnificent city is managed to save its authenticity until the present times and considered to be a cultural center of Europe. Prague is full of breath-taking locations, is one of the most beautiful cities in the world. Walking around in the maze-like narrow streets of Prague feels like being inside a huge outdoor museum, so whether you are eating chocolate or fooling around, you are doing that on historically-sacred ground.

FEEL THE ATMOSPHERE

Just watch this video to feel the mood of our summer camp. We are an International Family, where you belong. We provide an unforgettable experience for young people from different nations and backgrounds to study and have fun together in a beautiful, supportive and safe environment of magnificent Prague.

WHAT WE OFFER

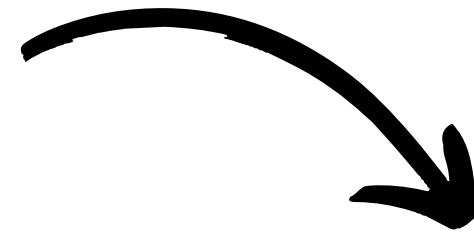

BESIDES
UNBEARABLE FUN
AND HAPPINESS

Don't be shy about your accent or boo-boos. All your imperfections in one language only mean that you are fluent in another one. Just keep in mind, that you are here to learn and we are here to help you.

LANGUAGE CLASSES

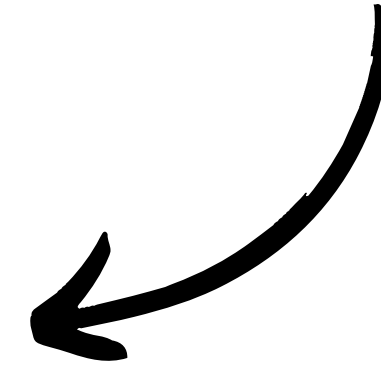

Every student is unique and so are our teaching approaches. Our classes are held by native speakers and professionals in the educational field that developed effective ways of students' engagement.

ROOM

Students are allocated by two people in the room, based on age, gender, and program duration. Also, in the residence territory, there is a laundry, fitness center, table tennis and common study rooms available for all the students.
